

# Music gets **personal** with Tunz

When it comes to your music,  
one size does NOT fit all.

POWERED BY Starkey Hearing Technologies™

POWERED BY Starkey Hearing Technologies™

Tunz® custom headphones and stage monitors are created specifically for you and the way you enjoy your music. Tunz deliver superior sound quality and a secure fit because they are custom made for your ears. Handcrafted by the hearing experts at Starkey Hearing Technologies using the latest audio advances, Tunz performs at the level you demand.

# Musicians

## Tunz custom stage monitors

You're an artist and your art deserves the best tools. **TUNZ CUSTOM STAGE MONITORS** give you balanced sound and pure, rich tones for total control of your stage mix. Custom made and fit to your ears, they offer superior sound isolation eliminating the need for traditional stage wedge monitors.

### Tunz Duo S

Not sure if you're ready to get rid of wedge monitors? Tunz Duo S are entry-level monitors that perfectly amplify both mid- and high-range sounds, enabling you to stay on top of the action on stage.

- **Driver:** Dual Drivers - woofer and tweeter
- **Sound Isolation:** 26dB
- **Frequency Range:** 20 Hz to 15,000 Hz
- **Sensitivity:** 106dB @ 1 m
- **Impedance (1 kHz):** 42 Ohms
- 1-year warranty

### Tunz Trio

Keyboard players and singers love Tunz Trio. Natural, live-quality sound make them the ideal monitors. Bass is minimized to easily isolate performances.

- **Driver:** Triple Drivers - 2 woofers and tweeter
- **Sound Isolation:** 26dB
- **Frequency Range:** 20 Hz to 15,000 Hz
- **Sensitivity:** 119dB @ 1 mW
- **Impedance (1 kHz):** 15 Ohms
- 1-year warranty

### Tunz Trio B

Guitar and bass players get the full range of sound with Tunz Trio B. Their triple drivers ensure you'll never miss a beat.

- **Driver:** Triple Drivers - woofer, tweeter and subwoofer for bass boost
- **Sound Isolation:** 26dB
- **Frequency Range:** 20 Hz to 15,000 Hz
- **Sensitivity:** 120dB @ 1mW
- **Impedance (1 kHz):** 15 Ohms
- 1-year warranty

### Tunz Trio XB

We haven't forgotten drummers and bass players. Tunz Trio XB stage monitors deliver an extra boost of bass. Enveloping you in a full range of sound, you'll feel every good vibration.

- **Driver:** Triple drivers - woofer, tweeter and subwoofer with extreme bass boost
- **Sound Isolation:** 26dB
- **Frequency Range:** 20 Hz to 14,400 Hz
- **Sensitivity:** 121dB @ 1 mW
- **Impedance (1 kHz):** 15 Ohms
- 1-year warranty

# Audio or fitness enthusiast

## Tunz custom audio monitors

Ideal for today's audio players, gaming devices, computers and more, Tunz Custom Audio Monitors provide unmatched sound quality. Whether you're attacking that 5K, or just hitting the trail. Custom-fit to you and your ears, **TUNZ CUSTOM AUDIO MONITORS** block out unwanted noise while delivering the ultimate in comfort and crystal-clear sound clarity.

## Tunz Solo

Hear less outside noise and more of your music source with Tunz Solo. Custom fit to your ears, Tunz Solo deliver a rich sound that one-size-fits-all earbuds simply can't match.

- **Driver:** Single Driver
- **Sound Isolation:** 26dB
- **Frequency Range:** 20Hz to 5,500 Hz
- **Sensitivity:** 117dB @ 1 mW
- **Impedance (1 kHz):** 396 Ohms
- 1-year warranty
